SR1

What tasks are unfinished from sprint 1?
- We were unable to finish the edit page of user profiles
- Popups for error messages have not been styled yet

What practices should we continue doing next sprint?
- Having consistent standup meetings
- Contacting product owners when needed

What are some new practices that we might want to use next sprint?
- Follow consistent branch naming

What are some harmful practices that we should stop doing?
- Branching off of branches without merging
- Not remembering to put ticket number in commit messages

What were some bad experiences during sprint 1?
- Tasks not being fully complete despite being moved to done on Jira
- Tasks not being moved to in progress immediately when started
- Not having a clean repo
- Having too many branches

What were some good experiences during sprint 1?
- Group maintained good coordination and communication
- Picked up new skills relatively quick to accomplish tasks
- Built good foundation for app
